## Thank You! Thank You! Thank You!

Rye Country Day Staff would like to thank all our parents for your generous donations of our wish list items throughout the year and for your overwhelming response to our service projects.

Because of your help and contributions to our Earth Day projects, the playground is looking wonderful with our blossoming number gardens and new lilac bush.

As you and your children have been enjoying the books you ordered from scholastic books, we have been saving our bonus points for the last several years, and this spring were able to use those bonus points to order two new HP laptop computers for our teachers and replace our Apple desktop in the office. Each year the resources available to our teachers on-line increase and teachers have been having to wait in line to use the one, very slow computer available to them.

So again our heart felt thanks for all you do!
