Rye Country Day School Program Offerings

Rye County Day Preschool Program

Preschool Programs are offered to children who turn 3 or 4 by September 30th of the year they enroll and are fully potty trained. Families can choose between 2-, 3- or 5-day morning or full day programs.

Rye Country Day provides a safe and nurturing environment which promotes the physical, social, emotional and cognitive development of young children. We believe that learning occurs as a result of the interaction between the child's thoughts and rich experiences with materials, ideas and people. The experiences we provide match the child's developing abilities and challenge the child's interest and understanding. Our integrative approach focuses on the process of learning, giving children the tools, to help them become successful and responsible learners. By meeting the children at their individual levels, involving them actively in their learning, and celebrating their growth, we help to build a positive self-esteem. Each child becomes an integral part in a community of learners and classroom family. Literacy, language development, math, science, health, sensory/motor development, dramatic play, music, art, yoga, sign language and Spanish are included in our preschool curriculum. Curriculum is interwoven throughout the day in fun and meaningful ways. Many of our preschool classrooms offer a multi-age experience.

Expectations and goals for our returning (2nd year) preschoolers are designed to prepare them for the next steps as they move onto kindergarten. We tailor our curriculum to meet children's learning needs in all areas of development. Continuity is beneficial as children grow and develop. When able, we keep children together with teachers and peers during the preschool years. Our Preschool Programs are open to children who turn 3 or 4 by September 30th of the year they enroll.

Rye County Day Kinder Owl Program

Our Kinder Owl Program is a **"Gift of a Year Program"** offered to currently enrolled students and **new** students who turn 5 by September 30th of the year they enroll and whose parents wish to give them an additional preparatory year before they move onto kindergarten.

As space allows, currently enrolled students who turn five shortly after the cutoff are also considered. This is an additional option for older preschoolers who are socially and academically ready and able to attend during extended seat work. Interested families can consult with their current preschool teacher and our director. Families may choose 5 mornings or 5 full days.

Rye County Day Toddler Program

Our Toddler Program is offered to siblings who turn 2 by September 30th of the year that they enroll. This program runs two mornings a week and offers an introduction to a formal setting. Our experienced teachers provide a safe and nurturing environment that supports growth in all areas of development and responds respectfully and enthusiastically to children's needs and interests. Toddlers do **NOT** need to be potty trained to participate.

If our Toddler option is full and there is space available in our 3-year-old Preschool Program, a sibling who turns 3 near the cutoff date and is **fully potty trained** may be considered for that program.
